Re: Application for IT Professional & Software Developer

Dear Hiring Manager,

I am writing to apply for the IT Professional & Software Developer position. As an IT Professional & Software Developer with practical experience in PHP, MySQL and HTML/CSS, I am confident that I can make a meaningful contribution to your team.

In my role as ASSISTANT HRIO at Rexus Medical Centre, my work involved assisting in data entry and troubleshooting user queries and assisting in processing insurance claims, ensuring accuracy and timely resolution. I have also gained hands-on experience as an IT Support /Administrative Assistant at Jumkino Medical Center, Kericho, an IT Support at Kapkoros Sub-County Hospital, an IT Support at National Hospital Insurance Fund (NHIF), Kericho and an IT Support at National Hospital Insurance Fund (NHIF), Kericho. Across these roles, my work also involved providing technical support for hardware, software, and network issues and providing technical support hardware and network issues, which strengthened my troubleshooting and communication skills.

I hold a Diploma in Information Technology from Kisii University.

I would welcome the opportunity to discuss how my skills and experience can support your organisation. Thank you for your time and consideration; I look forward to hearing from you.

Yours faithfully,

EMMANUEL KIPROTICH KIRUI
